STATEMENT OF WORK (SOW)

1 INTRODUCTION:

The U.S. Probation Office for the Eastern District of Louisiana is interested in upgrading its audio-visual equipment in three conference rooms numbers 555, 559, and 590.

1.1 Objectives

The court is seeking a firm fixed quote for a vendor to procure, install, configure, and test a complete and operational audio-visual system in three conference rooms.

1.2 Special Requirements

- All work shall be done on-site by a qualified technician knowledgeable in complicated audio/visual systems.
- There will be court provided equipment (see Attachment B) that shall be integrated with new equipment furnished by the vendor.

2 REQUIREMENTS:

2.1 General

- Unless otherwise noted, the vendor shall furnish all equipment and materials, including, but not limited to, wiring, cables, connectors, all hardware and mounting brackets, carts, stands, batteries, lamps, operating systems software, application software, screens, and control panels, whether specifically mentioned herein or not, to ensure a complete and operating system consistent with the objective. The Government Furnished Equipment are specifically exempt from this requirement.
- The vendor shall provide systems configured and installed for simplicity of operation and low maintenance, with user friendly controls.
- The burden shall be on the vendor to coordinate system functionality with the COR. The COR will review and approve the installation and configuration in each conference room.
- The vendor shall remove any existing audiovisual equipment and wiring that will not be reused and shall turn such equipment over to the COR.
- The vendor shall provide a one-year warranty on parts and labor commencing after acceptance by the court.

2.2 Conference Room 555

- Vender will install an owner-provided 55" LG display on the front wall of the room using a new wall mount.
- An owner-provided Poly Eagle Eye Acoustic camera will be mounted near the 55" display and the video signal will be extended to the equipment rack location via a Poly camera extender unit. A new Web Camera with microphone will be mounted by the Poly camera and connected to the owner-provided PC for web base conference calls (e.g., Microsoft Teams or Zoom Meetings).
- Two (2) new Poly IP Ceiling microphones will be installed in the ceiling for capturing participant voices when in a video conferencing session. An owner-provided PC also be located within the equipment rack and will used to share content with the far-end when needed.
- A new wireless sharing device will be added to the system allowing laptops to connect and share content on the displays wirelessly.
- Two (2) speakers will be flush mounted into the drop tile ceiling to provide clear audio of the far-end when video conferencing. These speakers will also be used to provide audio when viewing in-room content (showing a video on the PC, or Zoom meeting, etc.).
- The system will be controlled using a wall mounted panel controller. From this controller the user can turn the system on/off, select a source to view (Poly codec, the wireless sharing or the owner-provided PC), and adjust volume. The codec will be separately controlled using the remote provided with the unit.
- The new equipment will be housed within a new freestanding equipment rack that will reside in the back corner of the room. This equipment will be powered by a new in-line surge suppressing, battery backup power supply.

2.3 Conference Room 559

- Vender will install an owner-provided 75" LG display on the front wall of the room using a new wall mount.
- An owner-provided Poly Eagle Eye Acoustic camera will be mounted near the 75" display and the video signal will be extended to the equipment rack location via a Poly camera extender unit. A new Web Camera with microphone will be mounted by the Poly camera and connected to the owner-provided PC for web base conference calls (e.g., Microsoft Teams or Zoom Meetings).
- Two (2) new Poly IP Ceiling microphones will be installed in the ceiling for capturing participant voices when in a video conferencing session. An owner-provided PC also be located within the equipment rack and will be used to share content with the far-end when needed.
- A new wireless sharing device will be added to the system allowing laptops to connect and share content on the displays wirelessly.
- Four (4) speakers will be flush mounted into the drop tile ceiling to provide clear audio of the far-end when video conferencing. These speakers will also be used to provide audio when viewing in-room content (showing a video on the PC, or Zoom meeting, etc.).
- The system will be controlled using a wall mounted panel controller. From this controller the user can turn the system on/off, select a source to view (Poly codec, the wireless sharing, or the owner-provided PC), and adjust volume. The codec will be separately controlled using the remote provided with the unit.
- The new equipment will be housed within a new freestanding equipment rack that will reside in the back corner of the room. This equipment will be powered by a new in-line surge suppressing, battery backup power supply.

2.4 Conference Room 590

- Vender will install an owner-provided 75" LG display on the front wall of the room using a new wall mount, and owner-provided 55" Sharp display to mounted on side wall (mirror display).
- An owner-provided Poly Eagle Eye Acoustic camera will be mounted near the 75" display and the video signal will be extended to the equipment rack location via a Poly camera extender unit. A new Web Camera with microphone will be mounted by the Poly camera and connected to the owner-provided PC for web base conference calls (e.g., Microsoft Teams or Zoom Meetings).
- Four (4) new Poly IP Ceiling microphones will be installed in the ceiling for capturing participant voices when in a video conferencing session. An owner-provided PC also be located within the equipment rack and will be used to share content with the far-end when needed.
- A new wireless sharing device will be added to the system allowing laptops to connect and share content on the displays wirelessly.
- Six (6) speakers will be flush mounted into the drop tile ceiling to provide clear audio of the far-end when video conferencing. These speakers will also be used to provide audio when viewing in-room content (showing a video on the PC, or Zoom meeting, etc.).
- The system will be controlled using a wall mounted panel controller. From this controller the user can turn the system on/off, select a source to view (Poly codec, the wireless sharing, or the owner-provided PC), and adjust volume. The codec will be separately controlled using the remote provided with the unit.
- The new equipment will be housed within an existing closet near the front corner of the room. This equipment will be powered by a new in-line surge suppressing, battery backup power supply.

3 DELIVERABLES:

An operational and fully functional integrated audiovisual system including all equipment, cabling, labor, configuration, and training of COR and designated court staff.

3.1 Schedule for Performance and Delivery/Milestone Schedules

Following the award of the contract, the vendor may immediately order equipment. Work on the project must begin prior to September 30, 2020. Installation shall be coordinated with the COR and may occur in phases if deemed necessary by the court. All work is to be completed during normal business hours. The court considers normal business hours to be Monday – Friday from 8:30 A.M. to 5:00 P.M. CST.

3.2 Review Period for Deliverables

The court, by way of the COR, shall have a period of 72 hours for testing and acceptance. The vendor shall have 72 hours to correct any deficiencies found during the testing period. If any deficiencies are found, this shall reset the clock for the period of testing and accepting.

3.3 Acceptance Criteria for Deliverables

The COR will test all installed equipment for correct operation and functionality as an integrated system. Following acceptance by the court, payment will be remitted via Electronic Funds Transfer (EFT).

4 LOCATION OF PERFORMANCE

The conference rooms are located at 500 Poydras Street, New Orleans, Louisiana 70130.

5 PAYMENT PROVISIONS

According to federal requirements, advance payment is prohibited. Payment for maintenance will be made 30 days after the first day of performance.

6 QUOTES

Open market quotes are due by **Tuesday, July 21, 2020**. Please note our court is completely tax exempt. A tax exemption form can be provided upon request.

6.1 Basis of Award

The Government will award to the vendor whose quote provides the lowest priced, technically acceptable offer to the court and has met the criteria in the specifications listed above and in the quote sheet.

7 GOVERNMENT FURNISHED PROPERTY

- See Attachment B for a list of Government Furnished Equipment that the vendor shall install.
- The court will provide access to wifi for system configuration and testing.
- The court will provide electrical power for all devices

Additional Solicitation Provisions

Provision 4-1, Type of Contract (JAN 2003)

The judiciary plans to award a firm-fixed type of contract under this solicitation, and all offers shall be submitted on this basis. Alternate offers based on other contract types will not be considered.

(end)

Provision 3-5, Taxpayer Identification and Other Offeror Information (APR 2011)

(a) *Definitions.*

“Taxpayer Identification (TIN),” as used in this provision, means the number required by the Internal Revenue Service (IRS) to be used by the offeror in reporting income tax and other returns. The TIN may be either a social security number or an employer identification number.

(b) All offerors shall submit the information required in paragraphs (d) and (e) of this provision to comply with debt collection requirements of 31 U.S.C. 7701(c) and 3325(d), reporting requirements of 26 U.S.C. 6041, 6041A, and implementing regulations issued by the IRS. If the resulting contract is subject to the payment reporting requirements, the failure or refusal by the offeror to furnish the information may result in a 31 percent reduction of payments otherwise due under the contract.

(c) The TIN may be used by the government to collect and report on any delinquent amounts arising out of the offeror’s relationship with the government (31 U.S.C. 7701(c)(3)). If the resulting contract is subject to payment recording requirements, the TIN provided hereunder may be matched with IRS records to verify the accuracy of the offeror’s TIN.

(d) *Taxpayer Identification Number (TIN):* _____

- TIN has been applied for.
- TIN is not required, because:
- Offeror is a nonresident alien, foreign corporation or foreign partnership that does not have income effectively connected with the conduct of a trade or business in the United States and does not have an office or place of business or a fiscal paying agent in the United States;
- Offeror is an agency or instrumentality of a foreign government;
- Offeror is an agency or instrumentality of the federal government.

(e) *Type of organization:*

- sole proprietorship;
- partnership;
- corporate entity (not tax-exempt);
- corporate entity (tax-exempt);
- government entity (federal, state or local);
- foreign government;
- international organization per 26 CFR 1.6049-4;

[] other _____.

(f) *Contractor representations.*

The offeror represents as part of its offer that it is [], is not, [] 51% owned and the management and daily operations are controlled by one or more members of the selected socio-economic group(s) below:

- [] Women Owned Business
- [] Minority Owned Business (if selected, then one sub-type is required)
 - [] Black American
 - [] Hispanic American
 - [] Native American (American Indians, Eskimos, Aleuts, or Native Hawaiians)
 - [] Asian-Pacific American (persons with origins from Burma, Thailand, Malaysia, Indonesia, Korea, The Philippines, U.S. Trust Territory of the Pacific Islands (Republic of Palau), Republic of the Marshall Islands, Federated States of Micronesia, the Commonwealth of the Northern Mariana Islands, Guam, Samoa, Macao, Hong Kong, Fiji, Tonga, Kiribati, Tuvalu, or Nauru)
 - [] Subcontinent Asian (Asian-Indian) American (persons with origins from India, Pakistan, Bangladesh, Sri Lanka, Bhutan, the Maldives Islands, or Nepal)
 - [] Individual/concern, other than one of the preceding.

(end)

____ Provision 3-195 Exemption from Application of the Service Contract Act to Contracts for Maintenance, Calibration, or Repair of Certain Equipment – Certification (APR 2011)

(a) The offeror shall check following certification:

CERTIFICATION

The offeror [] does [] does not certify that –

(1) the items of equipment to be serviced under this contract are used regularly for other than government purposes, and are sold or traded by the offeror (or subcontractor in the case of an exempt subcontractor) in substantial quantities to the general public in the course of normal business operations;

(2) the services will be furnished at prices which are, or are based on, established catalog or market prices for the maintenance, calibration, or repair of equipment.

(i) An "established catalog price" is a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or the offeror, is either published or otherwise available for inspection by customers, and states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public.

(ii) An "established market price" is a current price, established in the usual course of trade between buyers and sellers free to bargain, which can be substantiated from sources independent of the manufacturer or contractor; and

(3) the compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing the same equipment of commercial customers.

(b) Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services. If the offeror certifies to the conditions in paragraph (a) of this provision then [Clause 3-160, Service Contract Act of 1965](#), will not be included in any resultant contract to this offeror.

(c) If the offeror does not certify to the conditions in paragraph (a) of this provision –

(1) [Clause 3-215, Exemption from Application of the Service Contract Act to Contracts for Maintenance, Calibration, or Repair of Certain Equipment – Requirements](#), will not be included in any resultant contract awarded to this offeror; and

(2) the offeror shall notify the contracting officer as soon as possible, if the contracting officer did not attach a Service Contract Act wage determination to the solicitation.

(d) The contracting officer may not make an award to the offeror, if the offeror fails to execute the certification in paragraph (a) of this provision or to contact the contracting officer as required in paragraph (c) of this provision.

(end)

- (a) The offeror shall check following certification:

CERTIFICATION

The offeror [] does [] does not certify that –

(1) The services under the contract are offered and sold regularly to non-Governmental customers, and are provided by the offeror (or subcontractor in the case of an exempt subcontract) to the general public in substantial quantities in the course of normal business operations;

(2) The contract services are furnished at prices that are, or are based on, established catalog or market prices. An “established catalog price” is a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or the offeror, is either published or otherwise available for inspection by customers, and states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public. An “established market price” is a current price, established in the usual course of ordinary and usual trade between buyers and sellers free to bargain, which can be substantiated from sources independent of the manufacturer or offeror;

(3) Each service employee who will perform the services under the contract will spend only a small portion of his or her time (a monthly average of less than 20 percent of the available hours on an annualized basis, or less than 20 percent of available hours during the contract period if the contract period is less than a month) servicing the Government contract; and

(4) The offeror uses the same compensation (wage and fringe benefits) plan for all service employees performing work under the contract as the offeror uses for these employees and for equivalent employees servicing commercial customers.

- (b) Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services. If the offeror certifies to the conditions in paragraph (a) of this provision then [Clause 3-160, Service Contract Act of 1965](#), as amended, will not be included in any resultant contract to this offeror.

- (c) If the offeror does not certify to the conditions in paragraph (a) of this provision—

(1) [Clause 3-225, Exemption from Application of the Service Contract Act to Contracts for Certain Services – Requirements](#), will not be included in any resultant contract to this offeror; and

(2) The offeror shall notify the contracting officer as soon as possible if the contracting officer did not attach a Service Contract Act wage determination to the solicitation.

- (d) The contracting officer may not make an award to the offeror, if the offeror fails to execute the certification in paragraph (a) of this provision or to contact the Contracting Officer as required in paragraph (c) of this provision.

U.S. DEPARTMENT OF LABOR

The purpose of the discussion below is to advise contractors which are subject to the Walsh-Healey Public Contracts Act or the Service Contract Act of the principal provisions of these acts.

WALSH-HEALEY PUBLIC CONTRACTS ACT

General Provisions—This act applies to contracts which exceed or may exceed \$10,000 entered into by any agency or instrumentality of the United States for the manufacture or furnishing of materials, supplies, articles, or equipment. The act establishes minimum wage, maximum hours, and safety and health standards for work on such contracts, and prohibits the employment on contract work of convict labor (unless certain conditions are met) and children under 16 years of age. The employment of homeworkers (except homeworkers with disabilities employed under the provisions of Regulations, 29 CFR Part 525) on a covered contract is not permitted.

In addition to its coverage of prime contractors, the act under certain circumstances applies to secondary contractors performing work under contracts awarded by the Government prime contractor.

All provisions of the act except the safety and health requirements are administered by the Wage and Hour Division.

Minimum Wage—Covered employees must currently be paid not less than the Federal minimum wage established in section 6(a)(1) of the Fair Labor Standards Act.

Overtime—Covered workers must be paid at least one and one-half times their basic rate of pay for all hours worked in excess of 40 a week. Overtime is due on the basis of the total hours spent in all work, Government and non-Government, performed by the employee in any week in which covered work is performed.

Child Labor—Employers may protect themselves against unintentional child labor violations by obtaining certificates of age. State employment or age certificates are acceptable.

Safety and Health—No covered work may be performed in plants, factories, buildings, or surroundings or under work conditions that are unsanitary or hazardous or dangerous to the health and safety of the employees engaged in the performance of the contract. The safety and health provisions of the Walsh-Healey Public Contracts Act are administered by the Occupational Safety and Health Administration.

Posting—During the period that covered work is being performed on a contract subject to the act, the contractor must post copies of Notice to Employees Working on Government Contracts in a sufficient number of places to permit employees to observe a copy on the way to or from their place of employment.

Responsibility for Secondary Contractors—Prime contractors are liable for violations of the act committed by their covered secondary contractors.

SERVICE CONTRACT ACT

General Provisions—The Service Contract Act applies to every contract entered into by the United States or the District of Columbia, the principal purpose of which is to furnish services in the United States through the use of service employees. Contractors and subcontractors performing on such Federal contracts must observe minimum wage and safety and health standards, and must maintain certain records, unless a specific exemption applies.

Wages and Fringe Benefits—Every service employee performing any of the Government contract work under a service contract in excess of \$2,500 must be paid not less than the monetary wages, and must be furnished the fringe benefits, which the Secretary of Labor has determined to be prevailing in the locality for the classification in which the employee is working or the wage rates and fringe benefits (including any accrued or prospective wage rates and fringe benefits) contained in a predecessor contractor's collective bargaining agreement. The wage rates and fringe benefits required are usually specified in the contract but in no case may employees doing work necessary for the performance of the contract be paid less than the minimum wage established in section 6(a)(1) of the Fair Labor Standards Act. Service contracts which do not exceed \$2,500 are not subject to prevailing rate determinations or to the safety and health requirements of the act. However, the act does require that employees performing work on such contracts be paid not less than the minimum wage rate established in section 6(a)(1) of the Fair Labor Standards Act.

Overtime—The Fair Labor Standards Act and the Contract Work Hours Safety Standards Act may require the payment of overtime at time and one-half the regular rate of pay for all hours work on the contract in excess of 40 a week. The Contract Work Hours Safety Standards Act is more limited in scope than the Fair Labor Standards Act and generally applies to Government contracts in excess of \$100,000 that require or involve the employment of laborers, mechanics, guards, watchmen.

Safety and Health—The act provides that no part of the services in contracts in excess of \$2,500 may be performed in buildings or surroundings or under working conditions, provided by or under the control or supervision of the contractor or subcontractor, which are unsanitary or hazardous or dangerous to the health or safety of service employees engaged to furnish the services. The safety and health provisions of the Service Contract Act are administered by the Occupational Safety and Health Administration.

Notice to Employees—On the date a service employee commences work on a contract in excess of \$2,500, the contractor (or subcontractor) must provide the employee with a notice of the compensation required by the act. The posting of the notice (including any applicable wage determination) contained on the reverse in a location where it may be seen by all employees performing on the contract will satisfy this requirement.

Notice in Subcontracts—The contractor is required to insert in all subcontracts the labor standards clauses specified by the regulations in 29 CFR Part 4 for Federal service contracts exceeding \$2,500.

Responsibility for Secondary Contractors—Prime contractors are liable for violations of the act committed by their covered secondary contractors.

Other Obligations—Observance of the labor standards of these acts does not relieve the employer of any obligation he may have under any other laws or agreements providing for higher labor standards.

Additional Information—Additional Information and copies of the acts and applicable regulations and interpretations may be obtained from the nearest office of the Wage and Hour Division or the national office in Washington, D.C. Information pertaining to safety and health standards may be obtained from the nearest office of the Occupational Safety and Health Administration or the national office in Washington, D.C.

"REGISTER OF WAGE DETERMINATIONS UNDER THE SERVICE CONTRACT ACT By direction of the Secretary of Labor Daniel W. Simms Director	U.S. DEPARTMENT OF LABOR EMPLOYMENT STANDARDS ADMINISTRATION WAGE AND HOUR DIVISION WASHINGTON D.C. 20210 Wage Determination No.: 2015-5189 Revision No.: 16 Date Of Last Revision: 05/26/2020
---	--

Note: Under Executive Order (EO) 13658 an hourly minimum

wage of \$10.80 for calendar year 2020 applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1 2015. If this contract is covered by the EO the contractor must pay all workers in any classification listed on this wage determination at least \$10.80 per hour (or the applicable wage rate listed on this wage determination if it is higher) for all hours spent performing on the contract in calendar year 2020. The EO minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Note: Executive Order (EO) 13706 Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1 2017. If this contract is covered by the EO the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness injury or other health-related needs including preventive care; to assist a family member (or person who is like family to the employee) who is ill injured or has other health-related needs including preventive care; or for reasons resulting from or to assist a family member (or person who is like family to the employee) who is the victim of domestic violence sexual assault or stalking. Additional information on contractor requirements and worker protections

under the EO is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$4.54 per hour up to 40 hours per week or \$181.60 per week or \$786.93 per month

HEALTH & WELFARE EO 13706: \$4.22 per hour up to 40 hours per week or \$168.80 per week or \$731.47 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706 Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor 3 weeks after 8 years and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor wherever employed and with the predecessor contractors in the performance of similar work at the same Federal facility. (See 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day Martin Luther King Jr.'s Birthday Washington's Birthday Memorial Day Independence Day Labor Day Columbus Day Veterans' Day Thanksgiving Day and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b) this wage determination does not apply to any employee who individually qualifies as a bona fide executive administrative or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage

determination.

Additionally because job titles vary widely and change quickly in the computer industry job titles are not determinative of the application of the computer professional exemption. Therefore the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures including consulting with users to determine hardware software or system functional specifications;

(2) The design development documentation analysis creation testing or modification of computer systems or programs including prototypes based on and related to user or system design specifications;

(3) The design documentation testing creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**** HAZARDOUS PAY DIFFERENTIAL ****

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance explosives and incendiary materials. This includes work such as screening blending dying mixing and pressing of sensitive ordnance explosives and pyrotechnic compositions such as lead azide black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization modification renovation demolition and maintenance operations on sensitive ordnance explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with or in close proximity to ordnance (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands face or arms of the employee engaged in the operation irritation of the skin minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving unloading storage and hauling of ordnance explosive and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance explosives and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract by the employer by the state or local law etc.) the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition where uniform cleaning and maintenance is made the responsibility of the employee all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount or the furnishing of contrary affirmative proof as to the actual cost) reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However in those instances where the uniforms furnished are made of "wash and wear" materials may be routinely washed and dried with other personal garments and do not require any special treatment such as dry cleaning daily washing or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract by the contractor by law or by the nature of the work there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS ****

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations" Fifth Edition (Revision 1) dated September 2015 unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE Standard Form 1444 (SF-1444) ******Conformance Process:**

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e. the work to be performed is not performed by any classification listed in the wage determination) be classified by the contractor so as to provide a reasonable relationship (i.e. appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification wage rate and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested

parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).

- 2) After contract award the contractor prepares a written report listing in order the proposed classification title(s) a Federal grade equivalency (FGE) for each proposed classification(s) job description(s) and rationale for proposed wage rate(s) including information regarding the agreement or disagreement of the authorized representative of the employees involved or where there is no authorized representative the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

- 3) The contracting officer reviews the proposed action and promptly submits a report of the action together with the agency's recommendations and pertinent information including the position of the contractor and the employees to the U.S. Department of Labor Wage and Hour Division for review (See 29 CFR 4.6(b)(2)(ii)).

- 4) Within 30 days of receipt the Wage and Hour Division approves modifies or disapproves the action via transmittal to the agency contracting officer or notifies the contracting officer that additional time will be required to process the request.

- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.

- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request the ""Service Contract Act Directory of Occupations"" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember it is not the job title but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split combine or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."
