**Question: 1.**

I'm reaching out with a question about the USPO solicitation for substance use treatment.

Is it possible to apply and limit our services to women?

We have a program that is specifically designed for women.

**ANSWER:**

Bidders can submit a proposal for services that their agency offer. Contracts will be awarded based on the needs of the district.

**Question: 2.**

Our question is that do we have to have LDH license to provide services to Federal programs?

**ANSWER:**

Please review the Statement of Work for each Request for Proposal to obtain information and guidance regarding license requirements.

**Question: 3.**

I have a question concerning IOP. In the past IOP was project code 2080. I do not see that project code on the solicitations. Has it changed to another number? I do not see where is specifics IOP anywhere. Is that a service that will no longer be available?

**ANSWER:**

Yes, the updated project code is 2090 (Treatment Readiness Group).
